COSMOLITE® is produced with inerts other than quartz.

NSF

SEE OFFICIAL LISTING

• **FOOD SAFETY**

COSMOLITE® is FDA approved and NSF 51 FOOD ZONE certified. It meets stringent chemical analysis to ensure the safety of the substances used for its production.

GREENGUARD  
GOLD

• **NO VOC EMISSIONS AFTER INSTALLATION**

COSMOLITE® does not release VOCs, it is safe for humans (especially for the little ones!) and for the environment.

• **100% MADE IN ITALY**

The slabs production is 100% Italian, carried out in Northern Italy in the plants of Verona and Gorizia. Stone Italiana performs on a regular basis the FPC (Factory Production Control) to ensure that during the production process all necessary checks are made to grant the compliance to the ISO 9001 Standard.
